BAGGAGE:

25 kgs

YOU'VE CHECKED-IN - WHAT NEXT?

Hold Baggage

Simply head to a bag drop desk at the airport – check the airport screens to find out where they are. If your luggage allowance is more than 25kg, remember to split the weight between several bags. Reason being, the maximum weight for one piece of checked-in luggage is 25kg.

Hand baggage

You can take one piece of hand luggage into the cabin with you. It can't be bigger than 55cm x 40cm x 20cm.

Special Assistance

If you need special assistance and haven't already told us or your tour operator, you'll need to arrange it with us at least 48 hours before you fly.

On Time Departure

The bag drop desks are open at least 2 hours before your plane is due to take off, and close 45 minutes before your flight. Remember, you must be at the boarding gate at least 30 minutes before the plane leaves.

Photo ID

Passengers must have a valid piece of ID with a photograph - You will not be able to use an EU, EEA or Swiss national ID card to enter the UK unless you are exempt. Please check the latest Government advice for the full details to make sure you're able to travel and have the appropriate travel documents.

Liquids in Hand Baggage

There are restrictions on the amount of liquids you can have in your hand luggage. Containers must hold no more than 100ml each and be placed in a single, transparent, re-sealable plastic bag. The bag can hold no more than a litre and measure approximately 20cm x 20cm. You can only take one plastic bag per person.

Lithium Batteries in hold baggage

For safety reasons, you are not allowed to carry loose lithium batteries (e.g. power banks or spare batteries) in the baggage you check in. Please put them in the personal item you can take on board.
